Becca Golins : Color Dragons and Beasties before purchasing it in order to gauge whether or not it would be worth my time, and all praised Color Dragons and Beasties:

3 of 3 people found the following review helpful. Do you like Dragons? CheckBy SpyrldragonDo you like Dragons? Check!Do you like to color? Check!Then you should add this to your cart now! The artwork is amazingly adorable and everything you could want in a color book. The paper is high quality and easy to color. It's not that cheap, almost waxy paper that is almost impossible to color on. The binding is solid and despite the rough handling of a child, holds up well to the abuse a toddler can dish out to color books. Grab a copy today!1 of 1 people found the following review helpful. This coloring book is super cute and funBy Misty_QuinnThis coloring book is super cute and fun. I love the designs. My only complaint is that I wish the pages weren't printed front and back. If I color one page and close the book, the colored pencil will rub off on another design. Other than that, I love it.1 of 1 people found the following review helpful. Cute Dragons and CrittersBy KittenAwesome slightly detailed pictures of cute dragons and critters.

Every page will be colored. I just got it today and just finished one already! The paper is a bit thin, in my opinion. It's best suited for crayons or colored pencils. I decided to color a bit with gel pen and a sharpie and both bled through. The pictures are double sided, so that kinda sucks.

Featuring the whimsical illustrations of artist Becca Golins, this book is full of adorable dragons and beasties. The high quality inked drawings are a joy for all ages to color!

About the Author Becca lives in Southern California with her husband and baby girl. She has had a love for dragons since she was very young, doodling them on everything she could get her hands on, and has carried that love into her artistic career as a full-time professional sculptor through the self-owned company Dragon and Beasties. While she focuses mainly on sculpting, she also enjoys illustrating her ideas. The goal with her artwork is simply to uplift and bring a smile to people of all ages.
