Great book for those in-between times!By momof327Great Adult Coloring book for those times when you don't have the time for the intricate pages of other books. Helps you unwind and see a gratifying result sooner than you would with the ones that take much longer to finish. Interesting designs and the right in-between relaxer!

Color-It Simple 3 is the third book in the Color-It Simple series which allows you to quickly unwind by coloring non-complex patterns. Many of these pages are possible to complete in one sitting. You can even add your own designs

onto some of the pages. This book is great for adults and children alike.
