William Wheeler : Color Me! Boston Architecture before purchasing it in order to gage whether or not it would be worth my time, and all praised Color Me! Boston Architecture:

5 of 5 people found the following review helpful. But the pages are streaked and speckled in gray and it's hard to imagine anyone would enjoy coloring these picturesBy GraceThese appear to be photocopies of drawings of photos of buildings. It's hard to say how the pictures were made. But the pages are streaked and speckled in gray and it's hard to imagine anyone would enjoy coloring these pictures. Total waste of money.

The Color Me! Adult Coloring Book series are coloring books developed specifically for adults. "Color Me! Boston Architecture"includes images of select buildings throughout Boston, MA showing the blend of old and new designs. The images are more than simple outlines; set up to be colored in or painted on as you desire. Each image is my individual creation,and will not be found in coloring books designed for kids. Level 3 books include a mixture of solid

outlines and rough guidelines. Some interpretation of background images is required. The images are printed on white bond paper, ready for crayon, color pencil, charcoal, or paint. Completed pages can be found on "[Facebook.com/ColorMeAdultColoringBook](https://www.facebook.com/ColorMeAdultColoringBook)."

From the Author As a child, we could enjoy coloring in our coloring books all day long. The images were simple, mostly cartoon characters, and we did not even have to actually stay in the lines. As adults, we are expected to be more mature, more sophisticated, and more grown up. Yet, we should still take time to enjoy our artistic side. Be proud to show off your work on your refrigerator again. Post your work to Twitter, Instagram, and Facebook; and link @ColorMeACB. Let others know which book enabled you to create your recent masterpiece so they can also try. Please also visit [Facebook.com/ColorMeAdultColoringBook](https://www.facebook.com/ColorMeAdultColoringBook) and like the "ColorMeAdultColoringBook" Facebook page so you can keep up to date on new editions. About the Author William Wheeler is an engineer by trade, but studied art throughout childhood. Never forgetting a love for art, he brings to the world a sophisticated way of re-living one's artistic side as one once did as a child.
