LAMP : COLORING BOOK OF PHYSICS before purchasing it in order to gage whether or not it would be worth my time, and all praised COLORING BOOK OF PHYSICS:

5 of 5 people found the following review helpful. Don't be confused.....By Pete L. FloresThis is in no way similar to the "Physics coloring book" that contains physics "pictures" that allow you to color and learn.Rather, this is a collection of physics labs written by a college professor, most of which are free online.
