I really like all the different designs that can be doneBy Cindy S.I recently got into adult coloring and since I'm a dachshund owner, this was a must. I really like all the different designs that can be done.0 of 0 people found the following review helpful. Great gift!By SP11I bought this for a friend as part of a care package and couldn't have been happier. It is a fun and funny gift that brightened my favorite wiener dog loving friend's day. What could relieve stress more than adult coloring combined with puppies?0 of 0 people found the following review helpful. Save your money!!By Kelly SmithI have a dachshund so I live in a dachshund world and love everything dachshund. When I saw this coloring book I thought "oh great what fun". But I have to tell you it is ten pages of the same picture of the dachshund on the cover with different patterns on it. I think it would be great for small children but for adults it is terribly boring and I wish I would have made a better selection.

Relax by coloring your own wiener art. 15 one sided pages to choose from. Design, color, frame, and repeat. Display your wiener for friends and family to see.
