If you enjoy this book, check out Vol.1 which is available on Amazon. Simply search by the ISBN - 1944119035 or check out Vol.2 with the ISBN - 1944119256 Ready to relax and get creative? Explore the 50 all-original geometric designs in various styles to help you relax and find your creative side. Who said you had to colour objects like landscapes, flowers and animal to enjoy colouring? Striking and beautiful results can be achieved with the creative and imaginative use of colour on these geometric patterns. You will be truly surprised at how you will be able to bring them to life. Suitable for adults and older children, these designs can be brought to life with coloured pencils, markers, and more. Known for its relaxation properties, colouring has been known to help reduce stress, anxiety, and also help stimulate the brain areas related to motor skills and creativity. Unlike many colouring books, the designs in this book are single sided. That means you can colour all the images without worrying about the colour bleeding and destroying the image on the other side. The geometric designs make the book perfect for left and right handed people. Left handed people simply have to rotate the book 180 degrees and they are good to go.
