Mel Elliott : Colour Me Good Modern Art before purchasing it in order to gage whether or not it would be worth my time, and all praised Colour Me Good Modern Art:

Modern art is a wonderful and varied thing, isn't it? This Colour Me Good book is for those of you who just can't get enough of modern art. It's not one of the easiest things to understand, and to the casual eye many of the sculptures featured in this book will seem strange and maybe pointless... Colour Me Good Modern Art encourages you to think about them while you're colouring in and realise there is a lot more to it than just throwing some things together and calling it art! This book celebrates some of the sculptures notorious for changing the way the world looks at art, and some of the people behind the scenes in modern art as well. All of them are just waiting for you to apply a bit of colour! Use this mega brilliant colouring book and your favourite felt-tips to colour in drawings of iconic sculptural pieces and some of the art world's most famous faces. This is all you need for an arty-farty felt tip party!
