Bernie : Complete Guide for Auto Repair for Women before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Guide for Auto Repair for Women:

1 of 2 people found the following review helpful. DO NOT BUY!By Love 2ReadI purchased this book hoping that it would be a "Guide" for auto repair that women could understand. This book consists of 150 pages with the following notation on EVERY page "Call A Real Mechanic". I'm returning this book, and very upset that I have to pay postage to return, because it is not even worth it! THIS ISN'T EVEN WORTH THE ONE STAR, BUT I DON'T KNOW HOW YOU CAN GIVE IT A MINUS ONE STAR RATING!

A full reference for everything a woman needs to know about auto repair. That is, to “Call a Real Mechanic!”. One of Bernie's great gag gifts.

About the Author Bernie is an expert on EVERYTHING! His worldwide travels and extensive research have given him a unique view of life. He holds a Doctorate Degree in Philosophy and has received a number of awards for his creative writing. His Guidebooks have become legendary.
