NICOTEXT : Confessions: Shameful Secrets Of Everyday People before purchasing it in order to gage whether or not it would be worth my time, and all praised Confessions: Shameful Secrets Of Everyday People:

1 of 1 people found the following review helpful. Cant compare to the real deal..By Lady MuleI bought this book hoping it would live up to the Postsecret one. It attracted me because it seemed simple and to the point. However, there is very little to find amusing. Not the hype it makes it out to be. Very bland. Good is that its a small book with small stories. Some are even too long. You want real confessions and drama, stick to Postsecret. You cant compare the difference. Even Cosmo's confessions are better than this.

Be a fly on the wall in a church confessional! These incredible, real, online admissions of people's darkest secrets are

disturbing, whimsical and hilarious. Sure to spark interesting conversations, this is the perfect therapeutic gift to share with friends and loved ones (and perhaps detested enemies, with certain confessions circled in red and I know your secret handwritten nearby).

About the Author Nicotext is a Swedish design group that harvests fresh ideas in humor, culture and entertainment from around the globe. Excerpt. © Reprinted by permission. All rights reserved. My friend doesn't know that I'm the father of one of his kids. I killed my brother's hamster. The only reason I'm with my boyfriend is because he's rich. I walk around town all day wearing panties, stockings and a bra, and I'm a guy.
