Harry Pearson : Conkers for Goalposts before purchasing it in order to gage whether or not it would be worth my time, and all praised Conkers for Goalposts:

0 of 0 people found the following review helpful. Loved it but recommended only if you have great nostalgia ...By Peter J. Bashford Loved it but recommended only if you have great nostalgia for the school playgrounds of old. This was the happy time when digital games/iphones had not been thought of. Will probably be incomprehensible to non UK readers (but OK for UK migrants to the US, Canada, Australia, NZ)

The essential rules and tactics of centuries-old schoolboy and schoolgirl pursuits have evolved complex traditions and customs unintelligible to the casual observer. Luckily, this hilarious essential guide unveils the noble history of playground games and provides an explanation of all the basics, including equipment, rules, tactics, and training suggestions for those who wish to truly rule the playground. From sports such as soccer to playground fights and beyond, this is a funny and informative look at the strange laws and traditions of recess.

About the Author Harry Pearson contributes a regular humor sports column to the Guardian and is the author of several books, including Around the World by Mouse and The Far Corner.
