**Burt Prelutsky : Conservatives Are from Mars, Liberals Are from San Francisco: 101 Reasons I'm Happy I Left the Left** before purchasing it in order to gage whether or not it would be worth my time, and all praised Conservatives Are from Mars, Liberals Are from San Francisco: 101 Reasons I'm Happy I Left the Left:

7 of 7 people found the following review helpful. Disappointing  
By Vero  
Although I almost completely agree with Burt Prelutsky in what world view concerns, this book was really disappointing for me. It's a collection of witty comments, pretty caustic and, yes, humorous, but after reading some few of them I just got tired of it. I don't exactly know why. What I read there reflects what I think, so I'm not able to get a clear explanation. Perhaps it's the fact that, more than voicing my concern/anger about the suicidal liberal politics, I am looking for practical ways to challenge it. Well, there are no suggestions of that kind in this book. Nor is there some kind of elaboration of thinking. It's just a collection of Seinfeld-like comments. If you are looking just for acid humour, this could be a book for you. I found what I was looking for in Phil Valentine's "The conservative's Handbook".

By Burton Prelutsky  
It's everything I hoped it would be when I wrote it. Bravo, Mr. Prelutsky! Burt Prelutsky  
1 of 1 people found the following review helpful. Sound thinking with a satirical edge.  
By D. L. Burton  
Always on target and on top of the contemporary issues. His observations and prognostications carry the reader along the path of common sense and sanity.

For years," Burt Prelutsky says, "the ranks fo the Right were so bereft of amusing people they had to point to William F. Buckley Jr. as their token funnyman. Finally, thank God, P. J. O'Rourke came along. Now he was really funny. I mean, on purpose." So beings the man who invented political incorrectness. In this delightful social commentary and rant on just about everything the Left does that offends him, he brings a biting wit. In 101 shorty, pithy chapters, Prelutsky applies his wit and wisdom to the big issues of the day. To quote him: "So Right-wingers, dig in and enjoy. Liberals, dig in and wise up."

..should not be missed, regardless of your viewpoints. You might learn [something]..in the middle of all those laughs. -- IntellectualConservative.com
