**Sugoi Books : Cook Your Own Food: The Bill Murray Scratch and Sniff** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cook Your Own Food: The Bill Murray Scratch and Sniff:

1 of 1 people found the following review helpful. ... kinda blows but other than that my boyfriend really liked it (v-day gift) It's only a few pages long ...By CustomerThere was a smudge on the front cover which kinda blows but other than that my boyfriend really liked it (v-day gift) It's only a few pages long with no words, delicate, and the scratchers kinda smell alike, but the art is awesome!

This pungent masterpiece revolves around the many food scenes in the movies of Bill Murray. Talented illustrators

have come together to couple their art with delicious smells. From the sushi bar in *Lost in Translation* to the dinner table in *What About Bob*, you get a taste (well, smell) of everything. Including *The Life Aquatic*, *Groundhog Day*, *Caddyshack* and many more. A vivid sensory experience.

About the Authorarts label based between New York London. Releasing illustrated books that play with popular culture.
