She can't help who she loves and I love her for that. The book is unapologetic-ally fun and there are, in fact, a few recipes. The fact that you've stumbled on the book and are reading reviews of it tells me you're likely to be somewhat entertained. You may or may not wet your pants or convulse wildly about but you'll probably smile at some point. 5 of 5 people found the following review helpful. We are Greatly Amused By L. Burik Zach Golden is a very funny writer, a very brash and bratty NYer. Be very careful

who you gift this book to - not everyone will be amused. But his recipes are quite good. If gifting, be sure to explain to the recipient the book is NO reflection on them. It can read highly offensive if you have no sense of humor. For the record, I have never been an a**hole, nor have I ever apologized for anything by making a fabulous meal to make up for it. And for the record, by giving this book to a cherished friend or family member, I am not implying they have ever been there or done that either. It is just a funny yet useful cookbook. Get over it. 6 of 6 people found the following review helpful. Content seems pretty funny and it did the job as a gag ...By Billie Gorman Content seems pretty funny and it did the job as a gag joke but not a actual 'everyday' cookbook. It was much smaller then I expected which made it difficult to keep open and read text from standing with distance between book and cooking activity.

The garage may be on fire, but hey, at least dinner's good. Nothing says "I'm sorry" quite like food. Take it from noted asshole Zach Golden. He's discovered an important asshole loophole: If you put a delicious meal on the table, everybody will forget you're an unspeakably terrible person...until you do something else terrible. But hey, that's why there's dessert. From Pork and Chive Dumplings to Veal Ossobuco to Coconut Macaroons, Golden is guaranteed to have a dish up his sleeve that will undo any bad deed. He also probably has something sharp and potentially rusty up his sleeve, too, so don't make any sudden motions. Cooking (for A**holes) serves up 50 unbelievable (but true) stories of subterfuge, malfeasance, and impropriety, and the delicious recipes to help any asshole out of a bind.

"Here at Study Breaks, we like laughing. Given our literacy, love of laughing and adoration for a**holes [this book] is absolutely.... perfect. Golden is a terrible person...who's also an excellent writer. And his book will make you laugh...and cringe...and really just feel a whole lot better about yourself as a human being." --Study Breaks Magazine "From world cuisine to delicious desserts, from mixed drinks to meals that might mend fences, these recipes are often funny in their own right, as Golden's singular bluntness and gift for envelope-pushing offensiveness keep things interesting." --San Francisco Book About the Author Zach Golden is a writer and director in Brooklyn, NY.
