The Ultimate Dinner Party Doing the Ultimate is the only way author, Diane Stead, knows how to do anything and this is the first in her Ultimate series of How-To books. Cooking for the Criminally Insane is a highly botoxed, stiletto-heeled romp through the sacred ground of Designer cookbooks. Madame la Comtesse le Visage du Bouvier, (not her real name,) prefers to be known as Wallis Merrick-Thompson, (also not her real name) is the acclaimed author of Cellphones for Schizophrenics, a crazy look at crazy people; Hairplugs and Ferraris, the mid-life crisis real or imagined no, its real all right; and Dentists on Harleys, what you didnt know about Sheldon. This is a how-to prepare the Ultimate dinner party. For what you are about to receive, fair warning This cook book is not for the feint of heart or stomach Cooking for the Criminally Insane or CFTCI (as we like to call it) will tantalize your taste buds and your funny-bone. Foodies beware and whatever you do, do NOT try this at home.
