Jerome H. W. Dyer : Coping with President Trump: A Fantastic Terrific Adult Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Coping with President Trump: A Fantastic Terrific Adult Coloring Book:

Face it, Democrats are not the most gracious losers. When Republicans wanted to free the slaves they started a war! Notwithstanding a few opportunistic rioters, they're behaving a little better today though they're still having trouble coping with the notion of Donald J. Trump as our 45th President. That's where this book comes in. You can't stop your favorite grown adult from escaping to a safe space with footie pajamas and a hot chocolate when the going gets stressful but you can arm them with something that might help them mature. Give them the gift that gently says, "It's

about damn time you grew-up!” Crayons not included. NOTE: A portion of the profits from every sale goes to the Internal Revenue Service for redistribution to needy fellow citizens and living former presidents who draw a federal pension in spite of the lucrative speaking fees they command.
