Corporatisms deciphers corporate jargon, so you'll always know what to say when you have nothing to say at all. The machine can get monotonous and wearing, but with Corporatisms you'll have the tools to smooth talk your way through the work week and get on the promotion fast-track!

About the AuthorWe're two guys brought together by a passion to make other people smile. As former NYC bankers and Silicon Valley "corporate ninjas," we know what it's like to circle back, add color, up-level, spin wheels, manage upwards, boil-the-ocean, peel-back-the-onion, and chop wood all while just taking a stab at a no-rush-but-want-it-on-my-desk-by-tomorrow-morning deliverable. We hope our lexical observances lead to muffled laughter in the office and occasional reprieve from the daily grind.
