Willow Creek Press : Cow Yoga 2017 Wall Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cow Yoga 2017 Wall Calendar:

The cows are hilarious enough that you don't really feel sorry for them (which is how I expected to feel), the card stock is solid, and there's plenty of room to write in appointments. I buy Pets Rock calendars for home, and I figure the Cow Yoga calendar is made by the same people. If not, they're very similar in structure. (I hate flimsy calendars that fold in, and these don't!) You can't go wrong with Cow Yoga. Funny and well-made to last all year without complaints, Scotch Tape, or staples necessary. 0 of 0 people found the following review helpful. Best 2017 Calendar I own! By LRKI've had the Yoga Dogs calendar before, so I really enjoyed the Yoga Cows this year for a change-up. There's nothing more soothing and thought-provoking than a cow doing yoga moves. I don't know what else to say about a wall calendar..... It works. Hangs well on a nail. Pages don't stick together. Seems to keep track of the day and month. So far the days have been accurate. Those cows have sure been holding those poses for a long time. 0 of 0 people found the following review helpful. A calendar plus humor and inspiration. By Solena Mendez I was looking for a calendar for aesthetics more than anything.

This really delivered in that. Each month is a different yoga position for a different cow. Also, it kind of has a theme such as harmony, courage, etc. Each also has an inspirational quote on it. It also provides a laugh to anyone new coming into the office. Definitely does what a calendar should and is a motivation.

Fascination with yoga is sweeping pastures throughout the world. Cows are turning to this ancient discipline in herds to reap the benefits of relaxation, flexibility and increased milk production. Twelve classic cow poses, including Downward Facing Bovine (Udder Moooca Svavasana), are aptly demonstrated in this unique calendar. The large format features daily grids with ample room for jotting appointments, birthdays and personal reminders. Also includes six bonus months of July and December 2016; moon phases; U.S. and international holidays.

About the Author Our location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of Just Labs, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 400,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country.
