Mark Dredge : Craft Beer World: A guide to over 350 of the finest beers known to man before purchasing it in order to gage whether or not it would be worth my time, and all praised Craft Beer World: A guide to over 350 of the finest beers known to man:

2 of 2 people found the following review helpful. Excellent Beer Book By TexasAggie This is my kind of book. The author uses relatively brief descriptive language about every beer mentioned, many times with a short story. For each style, there is a nice introduction to the style and its origin. Along with that, there are a few special callouts on topics. I think a learned beer geek has heard most of it before, but it's a nice refresher and fun read. Most importantly, there are so many unique beers to read about, most likely unavailable in your area. Contrast this with other "top beers" books or lists and most of it is predictable or repetitive. Not that the classics are skipped, but it's fun to see new things. (There were a lot more Italian and New Zealand beers than I was expecting... not sure if this is author bias or if we just don't

get many good ones in the US. :-p)Either way, highly recommended. The sooner you read it the better with a book like this as the landscape is changing at a fast pace. It's a great snapshot in time regardless.PS: You do have to live with the plural treatment of companies from the British author... but it grows on you. :)0 of 0 people found the following review helpful. Beer Snob Book.By mabeII bought this book for my son and son in law. Both are beer snobs. They both said it's very informative.1 of 1 people found the following review helpful. Great Book!!By J.W. BrunsonIf you like beer, you need to get this book. If you like craft beer, you MUST own this book. Incredibly well written, with hundreds of different beers from around the world. The author clearly spent a lot of time making this book, as he has first hand descriptions of all the beers listed. It is an awesome guide.

The last few years have seen an explosion in the popularity of craft beers across the globe, with excellent new brews being produced everywhere from Copenhagen to Colorado, Amsterdam to Auckland. With more amazing beers available than ever before, it's hard to know which one to choose. That's where Craft Beer World comes in. Gathering together over 300 of the most innovative and tastiest beers you need to try, and divided into 50 different categories, you will find the best of the best each style has to offer. Every category comes with an explanation of the key characteristics of the style whether it's an American IPA bursting with citrusy C-hops or an Imperial Stout full of dark roasted malts along with an example of a classic brew and a selection of cutting edge versions that are certain to become instant favorites. So whether you're looking for bitter beers or balanced flavors, a hit of hops or a hint of coffee, the reviews will point you in the right direction to find the perfect beer to suit your taste buds. Also included throughout the book are interesting nuggets of beer information, covering everything from the catalyst that has caused the astonishing growth in craft beer through to matching your brew with food, and how to serve your drinks.

About the Author Mark Dredge is an award-winning beer writer and runs the popular blog Pencil and Spoon where he writes about anything ale-related. Mark has won awards from the British Guild of Beer Writers in 2009, 2010, and 2011, his work is featured in leading publications across the globe, and he's an international beer judge. The author is based in London, UK.
