This item is purse sized not full size pages. I didn't read all the details before purchase. Two sided printed pages so you cannot use markers or gel pens.0 of 0 people found the following review helpful. Not a good readBy MADGuess it was unclear in its description, but there were just too many offensive pictures to really enjoy the ones that actually were humorous.

This hilarious parody of the adult coloring book phenomenon contains over 100 pages of age-appropriate pictures for adults to color. From traffic jams to tangled cords to an Out of Order toilet sign, here are all life's little annoyances for you to brighten up. Take the stress out of the everyday and rediscover your childish sense of wonder by mindlessly filling these pages with color—from the baggage claim area to sink filled with dirty dishes.
