It inspired a lot of laughter from him as well as his sons, and the calendar is now is proudly displayed on the wall in place of 2015's calendar. Big display blocks for each day of the month allows plenty of written notes to be added to relevant dates. The pictures are so sickeningly sad that they are hysterical!1 of 1 people found the following review helpful. Approved by psychologist!By JNMy sister loved this...as a PhD psychologist, I'm sure she'd attest to its appeal not reflecting negatively on the mental health of the viewer, lol.0 of 0 people found the following review helpful. Made for a perfect gift!By r jacksonLove it :) I bought this as a birthday gift for my husband. He cracks up every time he looks at it. It was definitely a win in my book for an awesome gift. Sure it's a little crude but hilarious. One of the best calendars I've ever had.

@CrapTaxidermy has earned thousands of Twitter followers by posting hilariously hideous photos of taxidermy gone wrong, accompanied by laugh-out-loud captions. The best and worst specimens on the popular Twitter feed make their way to the 2016 Crap Taxidermy wall calendar along with never before seen unnatural depictions of furry, feathered, and finned critters.Few wildly popular phenomena of the digital age are as inexplicable or as funny as awful taxidermy.
