If you're not familiar with the Anti Journal, there are pages in this book that have prompts like "Add Layers and Pieces". You can follow the prompts to the letter, or use it as inspiration for the page. Not all the pages have prompts in this book. There are some good coloring pages as well. The cat theme is just adorable, perfect for any self identified crazy cat people. Overall, I think it's awesome!

The Creative Cat is your muse in this irresistible journal. Extend, complete and/or color in these charming cat-themed illustrations, letting the cat guide you: he starts, you finish. This original take on doodling/patterning will delight cat and coloring fans of all ages.
