**Marjorie Sarnat : Creative Cats Stickers (Dover Little Activity Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Cats Stickers (Dover Little Activity Books):

Show your love with colorful stickers of peaceful cats! Feline fanciers and anyone nostalgic for the styles of the '60s will groove to these hippie cats and their creative expressions of peace and love. Six vibrant stickers depict kitties

wearing garlands of flowers and a psychedelic array of body art in patterns highlighted by butterflies, hearts, beads, and other motifs.
