I bought one for my husband for those days when things go wrong and your standard, everyday curses just don't cut it. :) We laugh out loud at some of the creative combinations. Not for folks easily offended by swear words.0 of 0 people found the following review helpful. Is an entertaining book, was hoping for more creativity ...By NobodysCandyIs an entertaining book, was hoping for more creativity than what it comes with. The terms in the book are colloquial and not very out of the ordinary from what is spoken or heard in everyday life.0 of 0 people found the following review helpful. When 1 Turns Into 3By TonPretty friggin funny. I bought this for my brother who clearly needs to broaden his vocabulary when it comes to cursing because he uses the F word way too often. However inn my opinion there are so many more creative/hilarious ways to get your point across. I just so happened to open it as soon as it came in in front of my father and the UPS guy (they chit chat every time he comes by) and my dad started reading it. They laughed so hard and now I have to buy two more for them.

A curse word generator that creates x-rated, humorous, and socially unacceptable curse words for any and every situation. Face it, sometimes a standard curse word or expletive just won't do. Whether you're annoyed with your neighbor, agitated with your boss, or tired of your lazy roommate, this unique two-flap flipbook of totally uncensored and socially unacceptable phrases will provide endless possibilities for creative and colorful vocabulary. Unleash the immaturity and skewed sense of humor within and never be left searching for a clever comeback again.

About the Author Sarah Royal has spent the past few years in New Jersey, New York City, and Chicago, and has absorbed a great deal of creative profanity from all three environments. She currently lives in Portland, Oregon. Jillian Panarese has worked behind the scenes in enough restaurants to have heard a smorgasbord of indignities guaranteed to keep her talking like a sailor for a lifetime. She's a damned good cook, and currently lives in Clinton, New Jersey.
