Justin Halpern : I Suck at Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised I Suck at Girls:

0 of 0 people found the following review helpful. One of the funniest things I have ever read!!!!By Teresa LopezI love Justin Halperns books, they always have me laughing out loud. His father is a real character - would love to meet him. But underneath it all, he gives very good, common sense advice. This is a great book to read at night so you go to sleep in a happy, peaceful mood. Can't wait to see what he comes up with next If you are offended by cursing, though, take a pass, haha. Otherwise full speed ahead and don't be eating or drinking anything while you are reading this laugh out loud hilarious book.1 of 1 people found the following review helpful. A great casual read for a summer afternoon!By JCThis book got my attention at a local bookstore. I started reading it and, before I knew it, I had already gone through the first 10 pages or so in a few minutes, I was instantly hooked! I ended up not buying it that day, so I

ordered it weeks later. The humor is pretty good, I can't say I've read many comedy books, but this one really made me laugh. Not only is it funny but it is also well written and I found it great how the author's dad is really funny in his way of thinking, saying and doing stuff, but Justin is also a great writer, his own descriptions and remarks of situations are very funny too. There are also some slightly profound passages here and there, which are great, but it has a steady humor rhythm nonetheless. A great casual read, no doubt. I haven't read the other book by Justin Halpern, but I'm definitely considering it.³ of 3 people found the following review helpful. Easy and fun read
By Andreas Tasoulas
It is an amusing book carrying the "S*** my Dad Says" legacy (I haven't read it, but I will definitely take a look at it). It is the biography of the author's sex and love life up until a crucial moment of his life (which you should have guessed what it is). His dad is ever present in the first chapters of the book, covering the author's formative years and less present as the book proceeds to the final chapters (which makes sense). In all honesty, it is dad's presence that makes the book take flight. However, Justin Halpern does a good job of taking it from there and presenting his life story in an entertaining way, with aspects of which some of us (males) might more or less relate. The book is an easy and quick read, allowing for a few good laughs in between. I would recommend it for dad's wisdom, possible identification with the author and an overall fun read which keeps you interested along the way.

From the #1 New York Times bestseller author of *Sh*t My Dad Says*, Justin Halpern, comes a laugh-out-loud funny and deeply touching collection of personal stories about relationships with the opposite sex, from a first kiss to getting engaged and all the awkward moments in between. With *Sh*t My Dad Says*, Halpern brought his brand of talented comedic writing to the world. Now, with this equally poignant, hilarious, and provocative memoir, he establishes himself as one of popular writing's great humorists among the likes of David Sedaris, Sarah Vowell, and David Rakoff. Fans of biting, honor-infused memoirs such as *Me Talk Pretty One Day* and *Assassination Vacation* will find Halpern's *I Suck at Girls* an unforgettable journey into the best and worst moments of one man's adventures in romance.

.com Best Books of the Month, May 2012: *Sh*t My Dad Says* was a runaway bestseller and in his sophomore effort, *I Suck at Girls*, Justin Halpern proves he's not just a one hit wonder. Halpern's sarcastic, utterly lovable dad once again shares his pearls of wisdom--including the best advice I've seen on the subject of getting married--but it's Justin himself who takes center stage this time. Relationships provide great comedic material and Halpern makes the most of his experiences coming of age amidst the opposite sex. From his first crush (yes, he made her cry) to searching for his wild side on a booze-fueled trip to Ibiza, to meeting the girl of his dreams and asking her to stand guard at the bathroom door (no drugs, just a bad BK chicken griller)--Halpern puts it all out there and, as his dad might say, I laughed my ass off. --Seira Wilson
Childhood Photos of Justin Halpern, author of *I Suck at Girls*
My mom pulled me out of line to take this, by saying "Justy, you're so cute, lemme see your little face." My little league all-stars jersey. That is the pose of a confident young man. Senior year of high school. Finally put on some weight. Just starting to get a receding hairline. Well played, God. "Justin Halpern is brilliant, and his dad is brilliant-er." (Jimmy Kimmel)
From the Back Cover
"Human beings fear the unknown. So, whatever's freaking you out, grab it by the balls and say hello. Then it ain't the unknown anymore and it ain't scary. Or I guess it could be a shitload scarier." Fans of the #1 bestseller *Sh*t My Dad Says* will recognize the always-patient voice of Justin Halpern's dad as it crackles through the pages of this hysterical new book. The story begins when Justin takes his dad out to lunch to announce that he's decided to propose to his girlfriend. "You've been dating her for four years," his dad replies. "It ain't like you found a parallel fucking universe." But eventually he gives Justin some advice: that he should take a day off and think back over everything he's learned in life about women, relationships, and himself before making his decision. And that's just what Justin does—revisiting everything from his disastrous childhood crushes to the night he finally lost his virginity while working as a dishwasher at Hooters. *I Suck at Girls* is full of his dad's patented brand of wisdom. But it's also full of new characters just as funny as his dad—from his brother, who provides insights into wedding night rituals ("You stand in one corner of the room, and she stands in the other. You each take off one piece of clothing at a time") to his first boss, who warns Justin to man up: "That's what a man does. He takes his shots and then he scrubs the shit out of some dishes." The result is a pilgrim's progress through the landscape of sex and love—by one of the funniest writers at work today.
