Jerry Scott, Rick Kirkman : I Thought Labor Ended When the Baby Was Born (Baby Blues Collection) before purchasing it in order to gauge whether or not it would be worth my time, and all praised I Thought Labor Ended When the Baby Was Born (Baby Blues Collection):

0 of 0 people found the following review helpful. PARENT? U NEED A LAUGH, PICK THIS SERIES UP By Eric Troxell's usual it's another great collection. This one feels "old" to think it's from the early 90s haha. If you're a parent though, or ever baby sat a newborn to toddler you will recognize that these 2 men know exactly WHAT it's like to be a parent. Perfect book for a pair of parents to sit down and read, laugh, and probably cry at all the great and wonderful HIGHS AND LOWS, that are parenthood. Big shout out to Scott and Kirkman for keeping the series fresh and funny after 26 years also. HIGHLY RECOMMEND ANY OF THESE OF THEIR BOOKS AS GIFTS. "FRAMED" SUPER COLLECTION IS NUMBER 1 TO INTRODUCE A FRIEND OR YOURSELF TO THE SERIES. 0 of 0 people found the following review helpful. Friend gave me these books after I had my first ... By Evija Baker Friend gave me these books after I had my first baby. After my fourth... This is the most hilarious book ever. Now I bought few for my friends that have small children. 0 of 0 people found the following review helpful. BB I thought labor ended when the baby was born By Robyn Clough I love the Baby Blues series from beginning to present, it never fails to make me

laugh. I can relate to so much of it! Glad I got to find all of the books on for great prices to read through the ones I never read!

"Anyone with children, or anyone who even likes being around children, will find something to laugh about in Baby Blues." -Blade Citizen, Oceanside, CA Who can resist adorably wide-eyed Zoe MacPherson? Certainly not her parents, Wanda and Darryl, a mid-thirties career couple who've become mommy and daddy. But, like the millions of parents who flock to this engaging comic strip, the MacPhersons also find parenthood more rewarding-and frustrating-than they'd expected. Each day of this incisive and entertaining comic series, millions empathize with them as they face the joys and demands of parenting. I Thought Labor Ended When the Baby Was Born is a heartwarming collection from Baby Blues creators Rick Kirkman and Jerry Scott. Developed in 1990 after Kirkman became a neophyte dad, Baby Blues appeals to anyone who's witnessed the eye-opening experiences only a baby can bring. Moms, for example, relate to Wanda, a former midlevel career woman who now stays home full-time to care for the mostly adorable Zoe. Dads connect with rattled-but-determined Darryl, as he still staggers off to an office each day despite mind-boggling changes life has wrought at home. Together, Mom and Dad juggle and struggle to decipher their new relationship, wondering where romance fits in, whether they're "parentnoid," and how they're affecting their daughter. Artist Rick Kirkman and writer Jerry Scott know about parenting and provide a hilarious, yet true-to-life, view of this mixed blessing.
