Might purchase again someday, but purposefully left the used copy I purchased for a family trip in the library of a bed breakfast we stayed at. Hope it brings memories chuckles to other adults!0 of 0 people found the following review helpful. Five StarsBy RaminBrings back childhood memories0 of 0 people found the following review helpful. Five StarsBy Tallulah BelleHilarious book - Priceless!

Face it: You were awesome when you were a kid. You feared nothing. You spoke your mind. You tried new things. You had imagination. Now you play by the rules, dress appropriately, and choose politeness over self-expression. Well, life's too short for that and this book proves it. Vintage photographs of real kids doing awesome stuff—wearing footie pj's, eating sugar cereal, napping, and showing off—accompany witty captions that poke fun at the doldrums of adult life and remind us to unleash our inner kid. With a hilarious dose of 80s and 90s nostalgia, just enough snark, and an ultimately uplifting message, *I Was an Awesomer Kid* is a great gift for all who are young at heart . . . or wish they still were!
