Can't say enough good things about Sherman's Lagoon. This is a laugh out loud book, and there are a lot of toons in this volume. If you have never read Sherman's Lagoon go with the first book to get some background on the characters then just go with the flow. After you are tuned into how everyone relates any one of the Sherman books are excellent.

I keep several of the Sherman's Lagoon books in my guest rooms for the enjoyment of my visitors. They think it is great to have a book to look at that doesn't require getting involved in a plot line and a book you can easily look at for a few minutes and put down for another day. I like that the cartoons are relevant to our beach lifestyle here in Florida. The books contain cute clean humor that is best appreciated by adults and older children.

After ten book collections and a treasury, great white shark Sherman and the Lagoonies celebrate 15 years of life under the sea with this new collection of creator Jim Toomey's daily cartoons and full-color Sundays. In an imaginary lagoon near the island of Kapupu in the South Pacific lives a group of nutty but sophisticated underwater creatures—complete with neuroses that rival those of humans (also known as "hairless beach apes"). Their wet world, oddly enough, is not so different from our own. Sherman, a great white shark, is a typical guy, and Megan is his ruthless but nurturing wife. Rounding out the aquatic crew are Fillmore the turtle, geeky fish Ernest, and macho hermit crab Hawthorne. Salty old Captain Quigley, who lost his leg to Sherman years ago, is hell-bent on seeking revenge against the shark. Sherman and friends effectively reflect human behavior and occasionally must confront humans' encroachment on their unspoiled habitat. Activist groups have applauded this comic strip with a social conscience for promoting marine conservation. Sherman's Lagoon has been syndicated since 1991, currently by King Features, and has a circulation of more than 200 daily newspapers on five continents.

**About the Author** Jim Toomey was born and raised in Alexandria, Virginia. He launched Sherman's Lagoon in 1991 and was picked up by Creators Syndicate later that year. An engineer, a philosopher, a surfer, a scuba diver, and a sailor, Toomey lives in Annapolis, Maryland, with his wife and daughter. He has been twice awarded the Environmental Hero Award, given by the National Oceanic and Atmospheric Administration "for using art and humor to conserve and protect our marine heritage."
