Dr. Anthony Youn : In Stitches before purchasing it in order to gage whether or not it would be worth my time, and all praised In Stitches:

5 of 5 people found the following review helpful. Not another dull Dr. bookBy Powderskier12I had seen Dr. Youn being interviewed on a popular TV show and was instantly interested in reading it. Dr. Youn's new title, "In Stitches " was a pleasant departure from the standard fare of Doctors who solely promote their practice, potion or pills. I've never been a patient of Dr. Youn, but would love to be at some time. I would imagine his bedside manner is great based on

his evident sense of humor that is present throughout in "In Stitches". Particularly entertaining was the chapter about his jaw. The obviously self-conscious teen not only overcame his physical hurdle, but turned it into a practice where he helps others improve their appearance. It's a relatively short book and worthy of the numerous glowing reviews. I can confidently recommend In Stitches. 8 of 8 people found the following review helpful. Not what I expected. By MinniesMum I bought this book thinking it would be hilarious because that's what previous reviews said. I laughed once, but maybe it didn't appeal to my "black" sense of humour. It was, however, a terrific read. Dr. Youn writes easy-to-read pages that just zip along. It did, however, make me cry. There is one section that will stay with me, probably for a very long time. The baby and the raccoon, and the moment of incredible tenderness he witnessed from a plastic surgeon. It made me realize what doctors see, what they have to try and fix and the incredibly idiotic people (the mother) that they have to tolerate. Kudos to Dr. Youn for including that encounter in the book, and Kudos to the plastic surgeon it was written about for allowing it to be re-told and for being an incredible human being. 4 of 4 people found the following review helpful. Funny, Cute, Entertaining, Heartwarming. By consumer356864 I accidentally stumbled upon this book, took a "look inside", and bought it because it was on sale for 99 cents-for Kindle App. It was actually a really good book. It was quite funny, cute, entertaining, heartwarming. I enjoyed learning about Youn's father, who encouraged and demanded success, and I loved when he talked about his mother's soup! A glimpse into Korean culture. His father may have been tough on him, but it clearly paid off because Youn is now one of the top plastic surgeons in the country. After I finished the book, I Googled Youn and found a lot about him, including several interviews he gave, which I really enjoyed watching. I definitely recommend this book.

Full of heart and humor, a memoir about becoming a doctor that's unlike anything you've ever read before. All Tony Youn ever wanted was to fit in. One of two Asian-American kids in a small midwestern town, he was tall and thin with Coke-bottle glasses, Hannibal Lecter headgear, a bowl cut, and a protruding jaw that grew even faster than his comic-book collection. He finally got his chance senior year as he lay strapped in an oral surgeon's chair having his jaw broken and reset--a brutal makeover that led him to his calling. Egged on by his overachieving Korean father ("Doctor never get fired."), Tony spent the next four years mired in the angst, flubs, triumphs, nonstop studying, intermittent heavy drinking, and sexual frustration of medical school. He entered a shy, skinny nerd with no nerve, no game, and no clue. He left a doctor. Heartwarming and laugh-out-loud funny, In Stitches is a universal coming-of-age story about a kid who found the best in himself by bringing out the best in others and finally learned to be comfortable in his own skin.

In Stitches was named a 2012 Michigan Notable Book by the Library of Michigan. Publisher's Weekly: "Youn's description of his journey from high-school outcast to rock star plastic surgeon is full of fascinating stories and laced with self-deprecating humor in the midst of dark desperation, providing a refreshing insight into medicine." Detroit Free Press: "Readable, funny, disarming, and heartfelt" Huffington Post: "In Stitches is a sometimes funny, sometimes painful, sometimes heartwarming recount of Dr. Youn's experiences on the road to becoming a doctor... a Scrubs meets David Sedaris story-line..." Lansing State Journal: "In Stitches is a fast-paced, mesmerizing autobiography that's laced with dark humor and memorable scenes, including his discovery that a woman he's dating works as a carnival fire-eater." USA Today: "Laugh-out-loud" Book Reporter: "Rarely has the chaotic, exhausting, Kafkaesque world of the med student been so faithfully, and hilariously, portrayed." "Surprisingly warm and unquestionably witty. I adored In Stitches." --New York Times bestselling author Jen Lancaster About the Author Anthony Youn, M.D. is a physician, writer, and television personality. He has been featured on The Rachael Ray Show, Dr. 90210, CNN, Fox and Friends, Good Morning America, The O'Reilly Factor, E!, VH1, and others.
