The designs range from intricate and complex to easier to color ones. The artist is Erin Jons, who is an artist I have not known of before this book.The verses are taken from a number of translations of the Bible and each is a lovely interpretation of the verse (which is both written and noted within the design.) I am really impressed by these designs and I think my first one to color will be page 37, "Let there be lights..."

Genesis 1:14 which shows a scene half by day and half by night. There are 45 designs and, for fun, there are a number of hidden symbols within the drawings. While there is a listing of the items, to find the answers as to where they are, you will either find them in the drawings or visit the publishers website. The designs are printed on white paper that is a nice quality but thin. The designs are printed on only one side (with back left blank.) The paper is acid-free and is not perforated but the publisher states that the pages are easy tear-outs. I assume that is from the glue binding but have not removed one as yet. All of my markers and some of my gel pens leak through the page. Not a problem, as I can put a heavyweight paper behind the page I am working on to keep the ink from messing up the rest of the book. I am really happy to see inspiration Biblical adult coloring books being made. I plan to spend many hours with this book and hope to see more in the future. 1 of 2 people found the following review helpful. In the Beginning Coloring book By Carolyn S.
