except for the bus full of black people going over a cliff "joke", for some reason didn't find it remotely amusing (no matter what race). The blonde jokes were lame. I wasn't expecting brand new jokes/insults I have never heard before but most of these were played out and boring. The ones that were good would have to be studied to remember them since they were so long. The one liners were great, I know a few people who deserve them, but it would most likely make enemies. Overall it was nice to read and mostly amusing. Maybe before being around people I don't like I'll read up on a few just in case ;) 0 of 0 people found the following review helpful. **Uncensored Insults!** By Kindle Customer A lot of insults in this book are funny. But, this book is not for everyone. Not everyone will think this book is funny and may get offend. I didn't find to much in this book I could use but I did enjoy reading the insults. I was looking more for status for Facebook but I can't use these because they really are insults! 3 of 3 people found the following review helpful. There were a few hurtful ones. By C M Anderson I know the book tells to only use them jokingly or if someone is really annoying. I expected a good laugh out of this book. But having been bullied in middle school, some of these still sting pretty good.... either for myself or other poor souls who would go home with hardly no self esteem left. If you are the least bit sensitive, better leave this one alone.
