Kenneth J. Williams : Irregardless: And Other Grammar Error's Too Irritate And Annoy before purchasing it in order to gage whether or not it would be worth my time, and all praised Irregardless: And Other Grammar Error's Too Irritate And Annoy:

0 of 0 people found the following review helpful. One StarBy MeghanOk3 of 4 people found the following review helpful. Slim book with repetitive themeBy Maria the ProfThere were some clever elements in this manuscript, but far too few to recommend anyone purchase this book. I found the themes repetitive with few insights. I actually reread the

positive reviews and am still wondering what some readers saw in this work as insightful. Instead of buying this book, take your favorite English teacher out for coffee; it will be more fun and informative. 1 of 2 people found the following review helpful. Just plain fun to read. By Customer. After working in the news business for a while I naturally became a bit of a grammar nut, so it this book was a lot of fun. If you're goal is to improve your grammar, this book will set you back years. If you just want a good laugh it's a worthy read. Four instead of five stars only because the book was too short.

English, it is said, is one of the most difficult languages to master. Many of us have spoken the language our entire lives, and we still can't figure out the nuances. What would happen if a bright-eyed college student and her grumpy old dad wrote a book that violates as many grammar rules as they can think of? Would you feel your IQ sink as you read it? Would you even notice the errors? We dare you to read this book while continuing to insist that proper grammar is unimportant.

About the Author. Surprisingly Ken is an English Language snob and each chapter hurt a different part of his brain. "Writing wrongly is hard" he said with a wink knowing that the whole book was written "poorly." He has been married to the same woman longer than most people in Bolivia have been alive. Allison is his favorite daughter unless you include his other daughter in which case Allison is in the top two. Allison is a contributor and was the inspiration for this book. She has finally left home for the big adventures in Idaho where she is attending college for the first time. She is a fan of Batman so if any boys reading this want to take her out she likes Batman and The Avengers. Her favorite is when you misquote movie lines.
