It happened in a rainforest, to a polliwog. His tale shrunk, his legs grew out, and he became a frog. Meet Freddy, a baby red-eyed tree frog and his new friend, Larry Green grasshopper. Two silly, clumsy, happy-go-lucky rain forest reptiles out to catch a fly. A comical rhyming story chocked full of elementary surprise and adventure, and with a happy ending. A wonderful read set in a rainforest and told in a most basic and delightful way. A children's picture book about rainforest jungle animals sure to bring on the giggles and become a favorite bedtime story. It Happened in a Rain Forest is available as a printed book and a kindle version.
