**Amanda Marcotte : It's a Jungle Out There: The Feminist Survival Guide to Politically Inhospitable Environments** before purchasing it in order to gage whether or not it would be worth my time, and all praised It's a Jungle Out There: The Feminist Survival Guide to Politically Inhospitable Environments:

2 of 2 people found the following review helpful. Not great, but not horrible By Mel Woods The wit wasn't witty? Most of this books humor I didn't find humorous. (Do you like that fact that I can't stop using the same words over and over again? No. Okay, I'm not very witty either.) The format of this book fell flat for me as well. And there was some trans erasure in this book. Not one I would recommend to my feminist friends, but not horrible. 0 of 0 people found the following review helpful. Underwhelming By Kailey Lindsey The general idea was there, but it felt at times as if it was

a last minute thrown together book report. Poorly researched, lazy writing, no real New ideas.0 of 2 people found the following review helpful. Witty and FunnyBy Cliente KindleIn a world were you can not turn on the tv without sexism in a very idiotic form starts pouring through the screen you need humor to keep you sanity.I loved this book

For all of you humming “I Will Survive” while watching the political debacles gracing the evening news, when getting an earful from your Limbaugh-loving brother-in-law, or as you’re ducking into the bathroom to avoid the date espousing the wisdom of those Mars versus Venus books, this book is for you.It’s a Jungle Out There gives all you smart, independent women out there the funny pranks, witty comebacks, and stalwart sources of strength you need in these trying times. With her tongue firmly in cheek and her middle finger stuck straight up in the air, Amanda Marcotte (of Pandagon.net) takes you on a tour through the perils that await any feminist who must navigate day-to-day life in the U.S., from the abstinence-only classrooms to the glass-ceiling of the office world.Drawing on her personal experiences of dealing with anti-feminists—from her years of blogging about feminism and living in the woman-unfriendly state of Texas—Marcotte brings her wit and distinct lack of patience to the topic of surviving while feminist. She doles out priceless advice along the way on how not only survive but also thrive, and even how to carve out a space for your feminist self in these oft-times hostile environments.

For any feminist ever at a loss for words Marcotte offers no nonsense advice on handling sexism with aplomb and deadly humor, from confronting the pay gap to defusing conservative relatives. -- Ms. magazine, Spring 2008
