A chapter on not being able to find something in Walgreens??! Really? 0 of 0 people found the following review helpful. I enjoyed them all
By Becca
There are so many hilarious stories in this book! Everything from politics, to zany children (which I can't relate to quite as much, but still find hysterical), to crazy pet stories, and beyond, I enjoyed them all. The book is such a breath of fresh air in this politically correct world, and I found myself reading several stories before bed each night, just to decompress and fall asleep with a smile on my face. I highly recommend this book, and while you're buying one for yourself, get one for your friends too!

By John Shaddix
Need a good laugh to make up for a bad day, I would recommend this book. Great reading with political incorrectness (or maybe correctness depending on your view), plenty of potty humor plus many topics and short stories we all can relate to. If anything, buy it in a place it in the bathroom but be ready for plenty of conversations afterword's, not about how pretty the wallpaper looks or where the air freshener is but about the comical world we live in when they have read " It's a Poop Sneeze".

I have written a few things, books, poetry and such. I have read a LOT of books in my life (far too many to count) and I have realized that we live in a world fueled by unicorn farts and leprechaun sneezes. But, enough about my weekend) You are probably wondering what "It's a Poop Sneeze" is all about (or what it even means). Well, to answer that, you'll have to buy my book **FAIR WARNING: ALL** semblance of PC (No, Not Personal Computers, but Political Correctness) has been abandoned in favor of honest observation and humor. If you are easily offended, I still suggest buying this book and then giving it, as an **AMAZINGLY** great gift, to your friends who aren't as wimpy as you are. Either way, for yourself or someone else, I fully encourage you to buy this book. In fact, I encourage you to buy **HUNDREDS** of copies of this book and start handing them out on Halloween in lieu of candy to children. Inspired by the styles of different writers and comedians such as Dave Barry, Bill Engvall, Jeff Foxworthy and even the likes of Rodney Carrington, I tend to find the funny even where it seems to be hidden. Laugh or cry, I choose laugh.
