as a Christmas gift for my friend to read to her daughter she adores it! I think it's really cute, especially for people who are into horror. This provides a cute way for horror lovers to introduce their children into the genre with twisted little Christmas Carols. The illustrations are adorable the writing is nice. 0 of 0 people found the following review helpful. Even a song can turn into a zombie! By Shay VanZwoll Not 100% perfect, but it's still a fun book of songs. Standard Christmas Carols have been transformed into songs about zombies. Some of the songs don't seem to scan correctly... they don't really match the song as the originals do. This isn't for everyone, but if you're a zombie fan and want something a little different for Christmas, this is a neat little gift or addition to your own Christmas traditions. 0 of 0 people found the following review helpful.
