Niecy Nash : It's Hard to Fight Naked before purchasing it in order to gage whether or not it would be worth my time, and all praised It's Hard to Fight Naked:

5 of 5 people found the following review helpful. Single and loving it!!!!By Rochelle L. FosterCongratulations to Miss Neicy. I've always enjoyed watching you. We are a lot alike in that we are both fun and vivacious. I agreed with a lot of your assertions promoted in your book. At the time I read it I wasn't happy being single. I wished that I

could secure an invite to one of your infamous single parties (LOL). But, I live in Northern California where the availability of eligible AA men are slim for the following reasons? 1) We have a large prison population in which over half of our men young old are long time residents 2) we have an equally large gay, by sexual transgender population finally, most of the successful eligible brothers are not interested in professional black women, they prefer other ethnicities. So even though I have resigned from the "BLACK MEN ONLY club, after reading your book, I'm now blissfully happy being sexy, confident actively flirting while I await God's perfect match for me. And I concur with your wake-up call, I'm just perfecting my craft, and I thank you for sharing baby girl, cuz that's what I'm talking about, hey!!!

1 of 1 people found the following review helpful. Entertaining and fun
By TiffanyA fun and entertaining read. Niecy has realistic but humble pointers in the relationship realm where you can hear her voice in your head while reading her thoughtful and provoking words. To be clear: this book doesn't encompass hidden secrets of the opposite sex or ways to truly "get your man or woman". However, the book does get an individual thinking about why men and women do what they do, how they communicate, how they respond, and what motivates them. The "cheat sheets" and "homework" pages make the book fun and invites the reader to think about applying these new ideas in person. I would recommend this book to any friend who may need some inspiration or advice in the dating world and would like to be entertained.

By jusblessedLove this Book! Great reading. I would recommend this book to women everywhere. Well Done!!

This fun, accessible, and enlightening guide to love and relationships offers a whole new perspective on finding—and keeping—Mr. Right. Niecy Nash wants you to find love. She invites you to think differently about traditional norms and matters of the heart. She wants you to get the very thing we are created for—great relationships! But you have to want it too. None of this “there are no good men left” nonsense. With an attitude like that, you might as well keep your butt at home because you already believe unhappiness is yours to claim. The universe will send you somebody amazing, but why would it ever send the best for you when you’re not at your best? Time for a tall glass of “act right”!

Before you start thinking, “Well, it’s easy for Niecy to dish out advice with her hilarious hit television shows and her hot, sexy husband,” just know that she’s been cheated on, divorced, brokenhearted, and laid up in bed, wailing and gnashing, surrounded by girlfriends telling her that those men didn’t deserve her. None of that was constructive! Each time, she had to be honest with herself before she could make the choice to find love again. In this hilarious, heartfelt book of no-nonsense dating and relationship wisdom, Niecy tells it like it is. What she has to say might not always be popular with your girlfriends. Your perseverance will be tested. But in the end you will find out how to keep yourself happy and your man coming back for more! You’ll also understand your priorities, you’ll know where to look for love, you’ll learn how to keep your relationship thriving, how to fight fair with your partner, and best of all, how hard it is to fight at all if you're naked! You attract what you are, so be what you want to see. Loving and caring for yourself will welcome a man who will d

About the Author Niecy Nash is a popular comedian and Emmy award-winning television actress. She currently lives in Los Angeles with her husband and children.
