It Started With a Fish is a quirky illustrated guide for women to recognise and find their fishy soul mate. Extensive research has been undertaken by my gill-friends to come up with the most netted varieties of fish - although a few mammals managed to slip through. Discover whether you are mixed up with a Clown a Stone or a Groper fish or just some Shark out for a good time.

About the AuthorGail and Greg have been friends for many moons. They decided to join forces with Gail writing the words and Greg providing the vision.
