By Desmond Slowe What a great way to examine a political buffoon with a format designed for such a simple man - an alphabet book. Mr. Juengling visually educates and entertains us by taking the asinine words and policies of Jeb Bush and simplifying how dangerous this man is. Kudos! Bravo!

By Customer Very entertaining!

Jeb's ABCs is a satirical children's book based on Jeb Bush of the political Bush family. It uses real-life quotes and

policies supported by Jeb, presented in an ABC format with him as a child. It is a tongue-in-cheek and factual review of what Jeb thinks about homosexuality, immigrants, and women on welfare, among other social issues.

"This Children's ABC Book Perfectly Skewers Jeb Bush. This is actually genius." - Huffington Post
