Just let your hair down for a while and truly experience the volume. You won't be disappointed. M. Ballsych does an amazing job of presenting the jokes, and I couldn't help but laugh at some of the punch lines because of how well executed they were.

Highly recommended!0 of 0 people found the following review helpful. A Quick InterludeBy Carole McKeeI read this in a little more than an hour. It was a nice break from the books I normally read. There are some really good jokes, but many of them are old, stale jokes that I heard years ago. The few I hadn't heard caused me to really laugh out loud. Oh, and by the way, there is no political correctness, so if that offends you as a reader, pass this up. But if you have a good sense of humor, and just need a relaxing hour or so, by all means, read this. It's a nice and easy way to relax. Nice effort.1 of 1 people found the following review helpful. A Laugh Riot!!!By Chris79The Jokes Against Humanity Box Set will have you laughing out loud. Some of my favorite jokes were: The Parrot in the Brothel, A Woman Goes to the Pharmacy, Fart Football, and Mickey and Minnie in Divorce Court! I liked them all, of course, but there are too many to name. This author is highly adept when it comes to telling a funny yet raunchy joke. I highly recommend this hilariously funny collection of jokes, so get yours today, and be prepared to laugh until you cry!!!

This print edition collects Volumes 1 and 2 of the Jokes Against Humanity books. The material is intended for adults who possess a very flexible and accommodating sense of humor. Regardless, certain people may unfortunately find some of these jokes highly offensive. More rational folk, like yourself, will simply find a treasure trove of witty and side splitting jokes
