made and feels good in your hand. Beyond that it's pretty sad. The book claims it's not full of raunchy jokes, so I don't know what they consider raunchy but we have a different definition. I'm not saying every joke is raunchy but there are enough of them peppered in there that it's not worth the read. I've read other books from the publisher like "Stuff Every Man Should Know" and they are pretty good little books. This one is a sad addition to those. Not funny, you're better off going to the dollar store and buying a joke book there. 0 of 0 people found the following review helpful.
