Super Silly and sooooo FunnyBy CarolineI am in fourth grade and I like this book because it was full of surprises that were really really really FUNNY. I have so many favorite parts that I cant choose just one! I think the pictures are soooooooooo silly but funny, and there was lots of poems, songs, jokes and more to go with them. I thought the about the authors page and the Funnn Facts about Funnn was super cool and whats even cooler is that one of the authors is a kid just like meeee. I have to say I am a bit jelly but think that its so cool that a kid wrote this book. (^-^). So hope I can too one day.This is a super funny book that is perfect for all Imbeciles especially boy ones and of course girl ones like me. Lol. The Periodic Chart, nursery rhymes, colors, tongue twisters, the gross recipes, songs, poems and the science chapter were all funny and unique and has something for everyone.Even if the authors call themselves Imbeciles I thought they were really clever in taking stupidity to new heights. I think the writers should be comedians because they are soooooooooooooooooooooooooooooooooooooo funny.I so recommend this book to all Imbeciles who want a good laugh. @(^ D ^)@1 of 1 people found the following review helpful. Ridiculously silly and funBy PLIf you love silly humor (and are an imbecile), youll love this book. It is really, really silly no high-brow humor to be found here. Just lots of laugh-out-loud ridiculousness. This is a book thatd be fun to read with someone else who is silly. Also, because the humor is family-friendly, itd be fun to read with younger imbeciles, too. The book has a number of different formats for the humorous writing, from silly version of nursery

rhymes to jokes to gross recipes. The humor is also organized around different topics, such as science. There are also silly images to accompany the text. Recommended! 0 of 0 people found the following review helpful. ... the sense of humor in this book was so great and the pictures were really funny too! By mode09I thought the sense of humor in this book was so great and the pictures were really funny too! I like how it is organized with different subjects like recipes, poems and science. It's great to share the humor with friends and sure to brighten up your day. Would definitely recommend to others who need a good laugh.

Jokes for the Imbecile: Written by Imbeciles for Imbeciles by Mark and Will Funnn, delivers the ultimate experience in complete and utter stupidity for Imbeciles from all walks of life. This book includes a wonderful collection of jokes, songs, poems, and recipes that can immediately be put to use by any Imbecile, big or small. You will enjoy this amazingly asinine book for many years to come, especially if you are a true Imbecile like us. If not, see if we care! - M.F. W.F.
