Gene Brissie : Jokes Women Won't Laugh At before purchasing it in order to gage whether or not it would be worth my time, and all praised Jokes Women Won't Laugh At:

0 of 0 people found the following review helpful. Exactly what I remember and wantedBy Robert BanksI saw this book several years ago in Borders and wanted to get it but had no money. Once I finally got a job, I wanted to buy it

but Borders went out of business in my city. I gotta say, it's worth the buy. The jokes still get me laughing and I've been able to share quite a few jokes with my friends. The jokes obviously aren't appropriate for all circumstances, but when they are appropriate, they're the highlight of the moment!2 of 2 people found the following review helpful. This book is a riot!By A CustomerAlthough "PC" wouldn't describe it, this book is riotously funny. Anyone who likes joke books won't be disappointed--it's well worth the price!0 of 2 people found the following review helpful. horribleBy crackerEveryone likes to make fun of stereotypes but these jokes are crude, predictable, and play only to a man's inferiority complex. These are the kind of jokes that are whispered behind the backs of women and, while seeming harmless, the sum result of men speaking to one another in this way results in an intangible barrier to gender equality and widespread subconscious prejudice against women.

For men only: jokes that are laugh-out-loud-over-cheap-beer-between-plays funny. A book that is an insult to women everywhere. Two golfers are on the first tee, and the first guy has spent five minutes lining up his tee shot. "Sorry to take so long, but my wife is up there watching from the clubhouse, so this shot has to be perfect," he explains. "Oh, for Christ's sake," the second says. "You'll never hit her from here."
