Fun and bold designs on heavyweight perforated paper By iiiireader This is a wonderful set of coloring designs by artist Joy Ting for Peter Pauper Press. This is my first coloring book by this designer, so I wasn't sure what to expect. There are 31 designs that are mostly abstract and which are bold with dark lines throughout. Many of them are flower designs have a wild quality to them that does not exist in nature. The designs range from fairly easy to color to much more complex. The pages are a heavyweight white paper. This is fantastic as my pencils, gel pens, and ultra fine markers (except for Sharpies) do not bleed through on this paper. The designs are printed on only one side with the back side left blank, so if you are using regular markers or watercolors, you can put an extra page in between just in case some color leaches through. The pages are perforated and are extremely easy to remove. The paper is also acid-free which means that the paper will not turn colors with age and all the work you put into coloring the designs will be safe. Additionally, the binding easily lies flat and gives you access to make coloring in this book and easy and fun thing to do. It is a fun book to color in and the heavy, bold lines make it easy to put my colors in exactly the right spot. 0 of 0 people found the following review helpful.
