Personally this is my favorite type of coloring book because I find it challenging and it keeps me completely absorbed in the coloring process. Just to warn you the designs are on both sides of the pages so using colored pencils rather than markers is the way to go. This is a great coloring book and I plan to purchase more coloring books in this series.0 of 0 people found the following review helpful. Excellent designs. Who says coloring is just for kids? No longer relegated to kindergarten classrooms, coloring has grown up and taken its place alongside painting or drawing as a legitimate form of artistic expression and a meditative way to relax. Just Add Color is a brilliant series of adult coloring books that will send even the most mature among us running for the nearest box of colored pencils. Since Mandalas are a cosmic representation of infinity and our own inner being, this book offers the perfect subject to spur hours of peaceful creativity. Features more than 120 gorgeous pull-out illustrations ready to be brought to life. Perfect to pull-out and frame, too!

“A gorgeous coloring book with more than 120 illustrations to complete... This is a fun and entertaining book ...”—Night Owl s, [www.nightowlreviews.com](http://www.nightowlreviews.com)
