We went through half the book in one session of sitting on the potty waiting for her to be done before bed time, and much giggling ensued.1 of 1 people found the following review helpful. Better than 'I Spy With My Little Eye' when looking after the grandchildrenBy

Customer Today, I had lunch with my darling little grandsons (aged 5 and 8) who have just received the 'Knock-Knock Jokes' book by Jessica Jacobs. They were in stitches over asking me knock-knock jokes during lunch, often getting the punch line mixed up with the first part of the joke. It was pure joy to see them having so much fun. Then, they started interviewing each other with Knock Knock Jokes. It was hilarious! I wish this book had been around when my children were young - all we had was 'I Spy With My Little Eye' which became 'old' very quickly. Thank you Jessica for such a fun, family book. 1 of 1 people found the following review helpful. The book is divided into different sections like food, names, and animals. My son was intrigued by the humor in changing the meaning of a word by playing on sounds. Some of the jokes really lend themselves to fun and funny accents too. And, these jokes are clean which is refreshing.
