Adult Colorist's Dream! By Zoner Just received this today and immediately noticed the quality. The paper is heavier than a standard, cheaper coloring book, but best of all (!!!)...the images are printed on one side only and the pages are perforated! Woohoo! I like the designs (31 as the cover indicates) and most cover the entire page, something I personally like. There are 8 mandala designs that naturally do not cover every square inch. Every page is wonderful, filled with intricate designs, but not too intricate like so many books. I don't recommend for kids, but teens would do fine with it. If you are into patterns, mandalas, kaleidoscopic or want to try something different awesome, you won't be disappointed. Peter Pauper Press hit a home run with this quality book, so I will definitely be checking out their other "31 Designs" books! Fellow Adult Colorists!...Enjoy Have Fun - Debbie ;0) 1 of 1 people found the following review helpful. Best to De-Stress! By Shadoe Gray I have about 50+ of the so called adult coloring books, and when I want to just de-stress and use my creativity muscles I grab this coloring book. The designs are intricate, but you can also simplify them by combining shapes if you prefer. Good weight paper and accepts my Raffine pencils well. I recommend!

Remember, as a child, the magic of kaleidoscopes? Bring back a bit of that wonder as you immerse yourself in this wonderful whirl of patterns. Color 31 full-page complex yet relaxing designs. Heavyweight paper is superior to that of other coloring books. Designs are printed on only one side of a page -- no bleed-through. Each page is micro-perforated for ease of removal and display of your artwork. Acid-free paper helps preserve your work. Short-circuit the stress and let creativity flow freely as you color these meditative patterns! Book measures 9-1/2 inches wide by 9 inches high (24.13 cm wide by 22.86 cm high). Binding lies flat for ease of use. For artists and colorists of all levels.
