The drawings are interesting, they give me the opportunity to challenge myself coloring them, and they are adequately sized to be able to see and color without an undue amount of bleeding out of the lines. There is also a nice variety of simple vs more complicated drawings. I like that!0 of 0 people found the following review helpful. I picked the right one!By Daisy WalkerI wasn't sure whether to go with beginner or intermediate here, I'm an artist so I wasn't so much worried about intricacy, but the time involved. I wanted to be able to complete something, and have it

look great without a huge time investment so I'm not sorry I went with beginner. Some of the designs are a bit simplistic, but there's plenty here that can look amazing when you get it done. 0 of 0 people found the following review helpful. Coloring helps me think clearer and is very therapeutic and these kaleidoscopes are nice and grown up. By Darlene Rose I purchased three of Kelly's kaleidoscope coloring books, one for myself, and two for my 30 yr old daughter for Christmas. I just had surgery so it was so pleasant for me to color while recuperating. My daughter loves them also. Coloring helps me think clearer and is very therapeutic and these kaleidoscopes are nice and grown up!

About the Author Kelly Dombrowski Michigan artist/Illustrator and owner of Gold Dog Publishing has drawn all of her life. Even though she is an excellent fine art painter, she has embarked on an incredible new adventure designing and publishing her line of adult coloring books. This venture came from her experience in the stress relieving activity of coloring. On an exceptionally nerve-wracking day, she found that after 30 minutes of filling in the spaces of a coloring book with a marker, she was completely stress-free! "The Coloring Book Nut" was born! Kelly has three teenage kids, a wonderful husband of 26 years and a gold dog named Buddy.
