Paul Grist : Kane Volume 4: Thirty Ninth before purchasing it in order to gage whether or not it would be worth my time, and all praised Kane Volume 4: Thirty Ninth:

when Detective Kane returned to active duty with the New Eden Police Dept. following a six-month suspension in the wake of shooting and killing his partner, his fellow police officers gave him a welcome back gift: a couple of bullets

with his name on them. Now, a sniper is taking pot shots at the police. An ex-cop is looking to take revenge on the cop who turned him in. There's rioting in the streets and the Mayor's been kidnapped again. It's another typical week for the police in New Eden's Precinct 39!
