I've watched both of his shows many times over, listened to every podcast about 10 times each, and am now reading through his books.This particular book I absolutely love. Unlike some other books that are mostly just transcripts of the podcasts, this is 100% original content, and is bascially a pre an idiot abroad type of book. He goes on many adventures around London and gives his thoughts on them, simple yet amazing.0 of 0 people found the following review helpful. following review helpful. Karl IS a genius. By Jess Karl Pilkington's random thoughts, ideas, and sketches. This is worth every read and re-read I've given it. Perfect for when you're bored or feeling down. Karl really has a brilliant and unique mind. I hope to get my copy signed one day! My copy does have a different cover than is pictured here, it is a black and white of him sitting at a desk sort of leaning on an elbow. This book explains some of Karl's upbringing here and there with stories of his day to day, thoughts on the human mind etc. Font size is larger, probably a 14, and has 219 pages, many with large photos and drawings. You'll get through it quick but keep it on the coffee table!

Karl Pilkington's third book, follow-up to bestselling *The World of Karl Pilkington* and *Happyslapped by a Jellyfish*, is a voyage through some of the most curious facts and fictions about our world. Drawing on what little he learned during his days of education, Karl explores the world of knowledge through a school curriculum, with chapters devoted to biology, history, art, and English, among others, each topic approached with Karl's inimitable combination of innocent wonder and down-to-earth wisdom. Full color throughout, the book is illustrated with Karl's hand-drawn cartoons and comic strips and it features e-mail contributions from a host of celebrities and experts who Karl has quizzed to further his knowledge.

"This book is hilarious" *Zoo Magazine* on *Happyslapped by a Jellyfish* "The funniest man on the planet" *Spectator* on *Happyslapped by a Jellyfish* About the Author As a hospital radio DJ, Karl filled news bulletins with strange-but-true stories and used the transmitter to broadcast pirate radio, so was sacked and moved to Manchester's Piccadilly Radio, where he hosted a late-night show filled with impenetrably cryptic puzzles. He then moved to Xfm in London, where he was producer and later a star of Xfm's Ricky Gervais Show, forerunner of the legendary world-record-breaking podcasts.
