**Walter Roark : Keeping the Baby Alive till Your Wife Gets Home: The Tough New 'How-To' for 21st-Century Dads** before purchasing it in order to gage whether or not it would be worth my time, and all praised Keeping the Baby Alive till Your Wife Gets Home: The Tough New 'How-To' for 21st-Century Dads:

0 of 0 people found the following review helpful. Like your grandfather giving you advice  
By Joseph Cote  
The author claims this is for the 21st century father, but then says you shouldn't expect to change your baby's diaper until 3-4 months... your wife will be there for that. There are certainly some funny parts, but as far as useful information goes... not helpful.  
0 of 0 people found the following review helpful. funniest book around  
By denise sustek  
this book was such a hit at the shower. my daughter read several quotes from the book and everyone was in tears from laughter. i would recommend this book totally if you are looking to have a great laugh at baby shower. love it

Bought this book for a new dad-to-be. Don't know if he read it but it put a smile on his face.

A tongue-in-cheek peek at modern parenting from a father's point of view, this spoof is targeted at today's career-minded mom and dad team. Breezy, irreverent humor escorts dads through basic topics such as home-from-the-hospital adjustments, post-partum dos and don'ts, diaper changing, feeding, difficult infant behavior, child-care choices, and the bustle of the pretoddler stage. Lightening up the serious business of being a 21st-century father, this book teaches dads that they don't have to be perfect and shows them how to enjoy the different stages of a baby's life.
